

### Civics Report

- The movie announcement is going into tidbits
- Election will be in Sept. Civics is now running the election, they are trying to get the bio's in the tidbits by August July.
- Karinne has volunteered to run the election
- Mary Vaughn has volunteered to be a counter for the election.

### Property

- Entrance flower beds/landscaping will be done next week.
- Getting quotes on sign refreshments
- Spoke about graffiti options, possibly posting in the tidbits for a teenage artist
- Property inspections upcoming to prepare for next year's budget
- We have a standing water issue in green spaces at woodthrush E & W closest to Fairview, water is draining onto property off Everett. We need to determine if the responsibility is the township or TLA.

### Water

- Nothing to report

### Website committee

- Nothing to report

### Children's Committee

- Nothing to report

### Beach Committee

- Kevin illustrated the water issues on the beach, and what he believes is causing the issue. The first wooden barrier is creating drainage issue, pooling the water in one spot and creating the funnels down to the water, eroding certain spots of the beach. He requested that until a long term solution is put forth, a call for volunteers during heavy storms to rake and shovel is the best solution at this time.

### New Business

- After beach opening there were lights left on, trash on the beach, talked about ways to raise awareness of debris left on the beach.
- Volleyball will handle extra pump out of porta potties, possibly order an additional one for the day of the event.
- Treasurer advised he has started a new cash tip process, which streamlines the vendor pay process. Some discussion on establishing the tip before the service and he advised that the money could be returned to him if any issue with tipping came up. Requested a vote to use that process going forward, **George moved to vote, Karin seconded vote passed (6-0)**
- Discussion to come up with a beach task force for erosion issue, Karin is seeking volunteers. For time being Bill mentioned a landscaping company could be used as well.
